my name / age

how does it work?

KSAR KS erre 100er

KSAR KS erre 150er

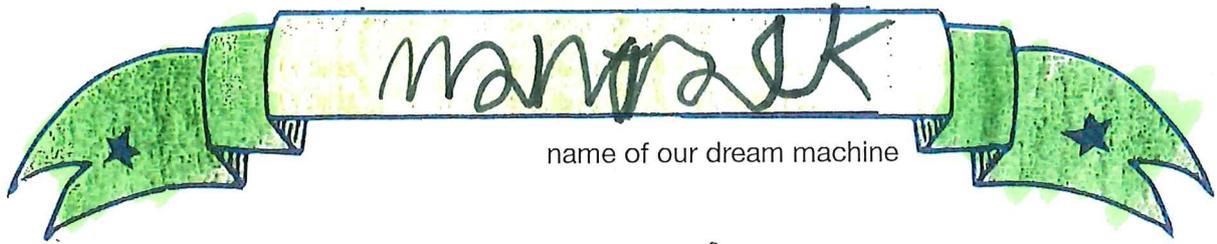

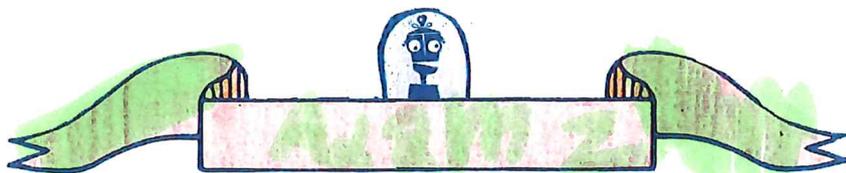

my name / age

how does it work?

- 1 It needs changing evre ^{hour.} _{one}
- 2 it tricks you into crashing, but it is tricking you into fixing it easily.

name of our dream machine

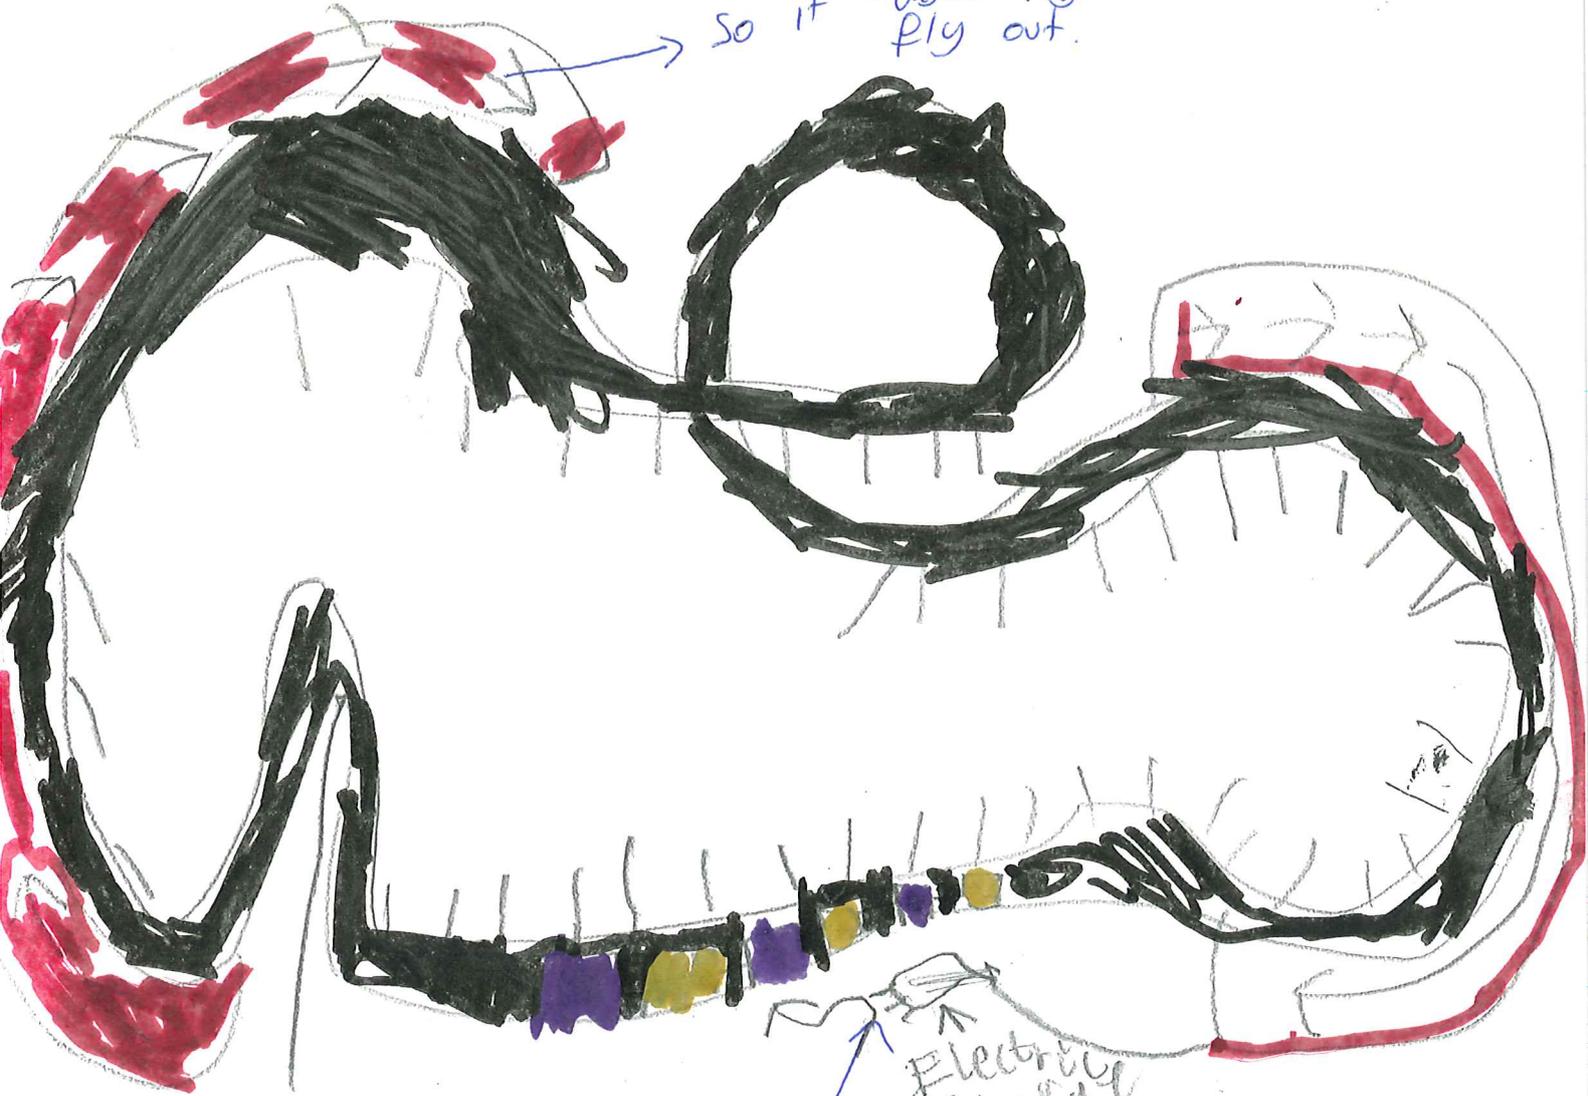

my name / age

Super coaster

name of our dream machine

so it does not fly out.

It looks like a shoe

my name / age

how does it work?

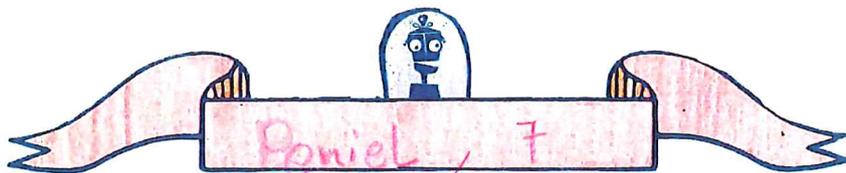

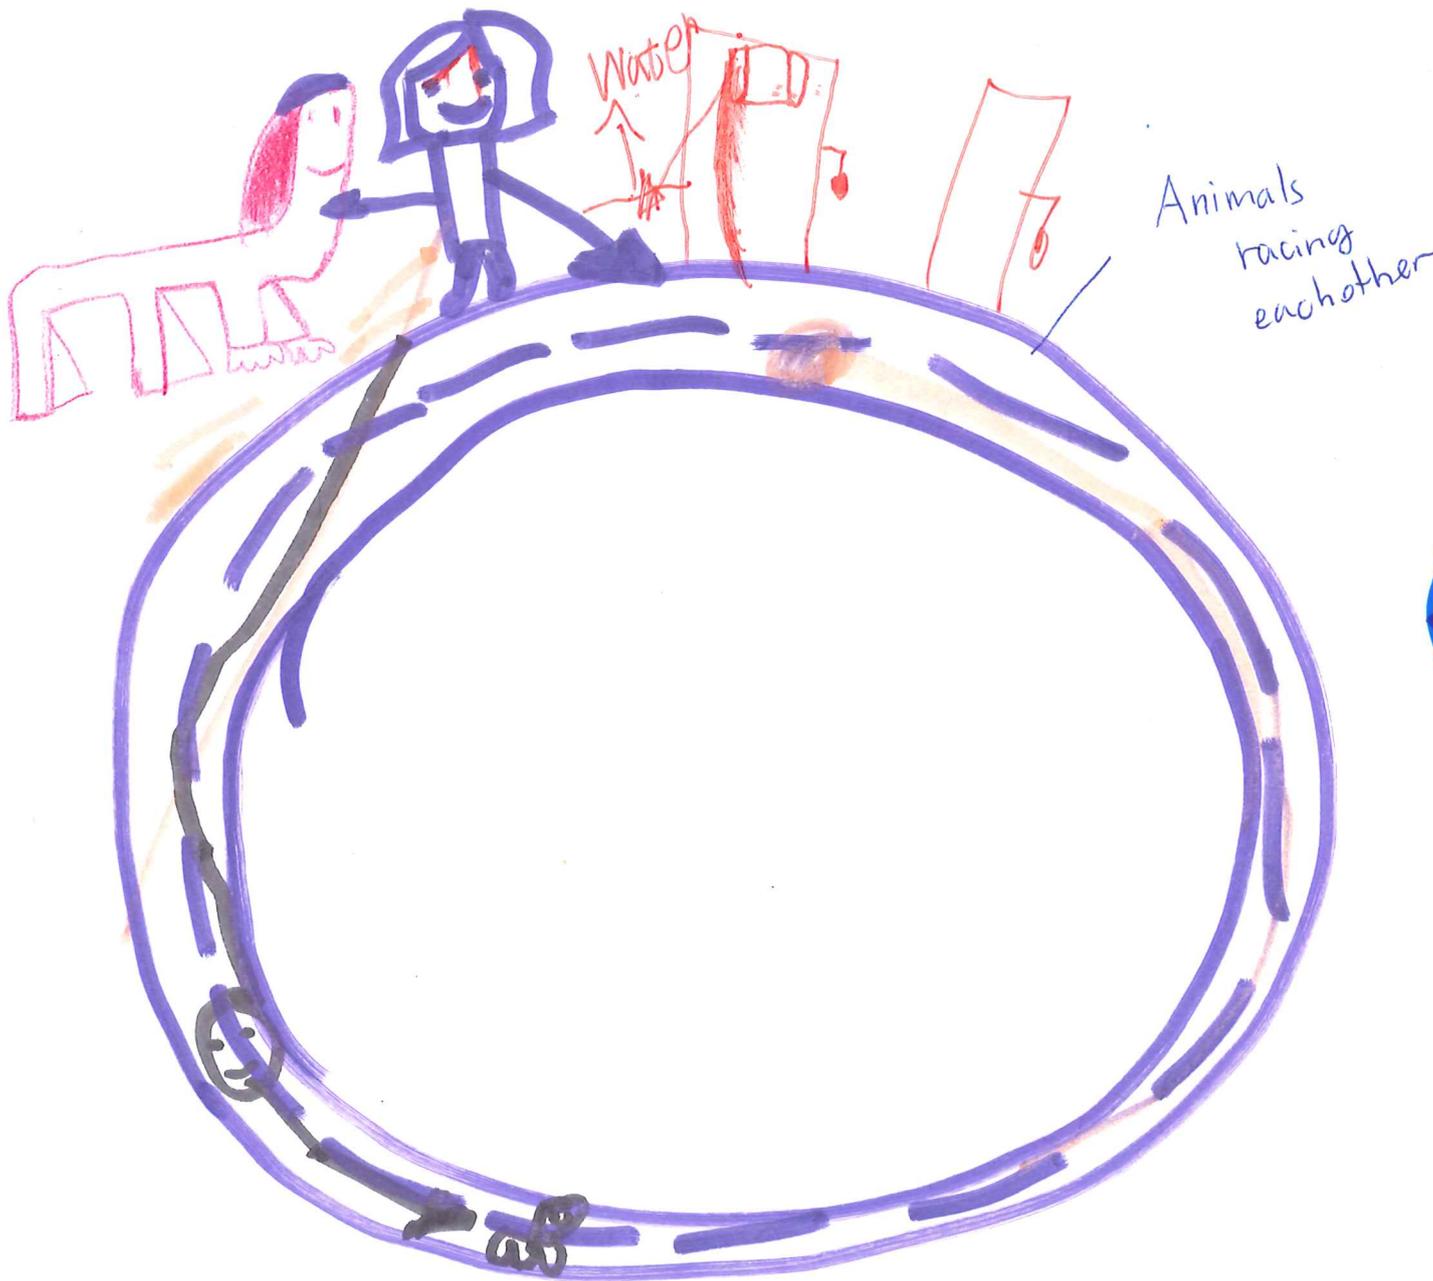

It Need to charge
electricity every 2 h

It takes 10 min
too charge 100%
it takes two h for
the coaster to run out
of battery

RACE

name of our dream machine

my name / age

4. it splash

how does it work?

in the machine
door it

Works now the
Pepeles / horses

has a robot dash splash in

in if you but and water

li the the door do

5. Robot may open / some
make the times it dash

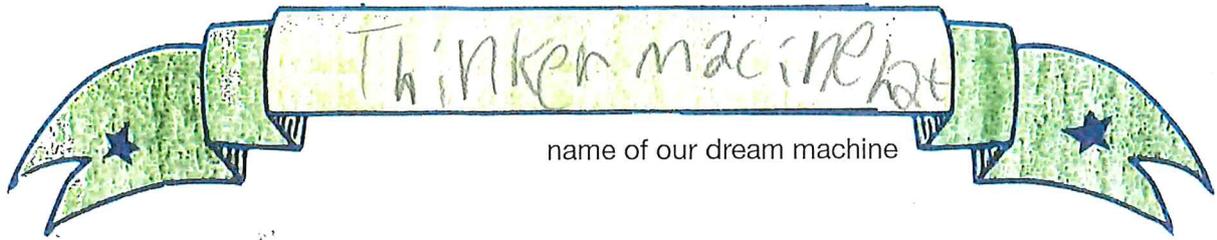

anemest, 3. the cater

Pepeles if

6. da nia it has

water special

in a aden door as because!

name of our dream machine

my name / age

how does it work?

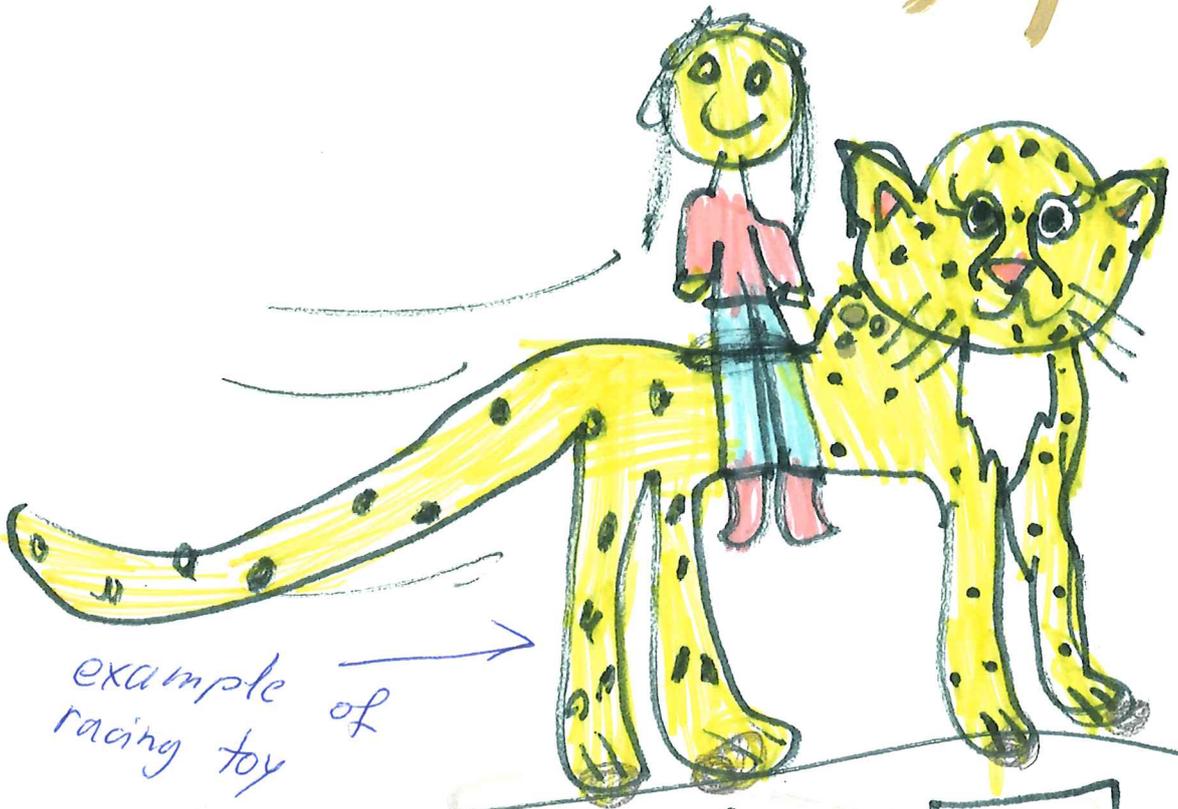

It can make

you think others
things.

Cheedah Mashih

name of our dream machine

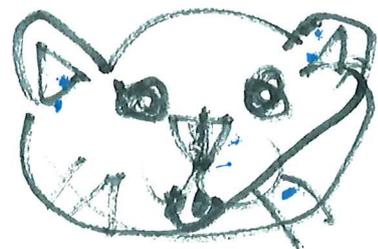

example of racing toy

my name / age

how does it work?

it can have
all the
speed it
runs fast
as a real
cheetah speed
it also has
close too. its a
girl cheetah.

cheetah

RACE AN ANIMAL!

name of our dream machine

one-way,

like a day-race

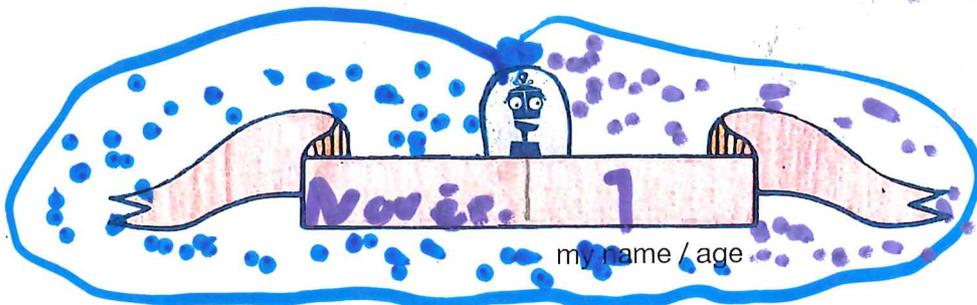

cheetah

F. MITCH

cheetah and human figures

Special power
It is really fast
it almost shoots you
out.

my name / age

how does it work?

Q
PePol
PASA is
Cheetah
the
PePol
to turn
Best.

SPECIAL

name of our dream machine

Water falls down

they need to go through doors. (they need to open the door when driving)

going through rainbow that colours the machine the new colour.

6 SIMRAN 6

my name / age

Multi-functional track (square form)

1. The object used for racing is a horse. They can be multiple horses.

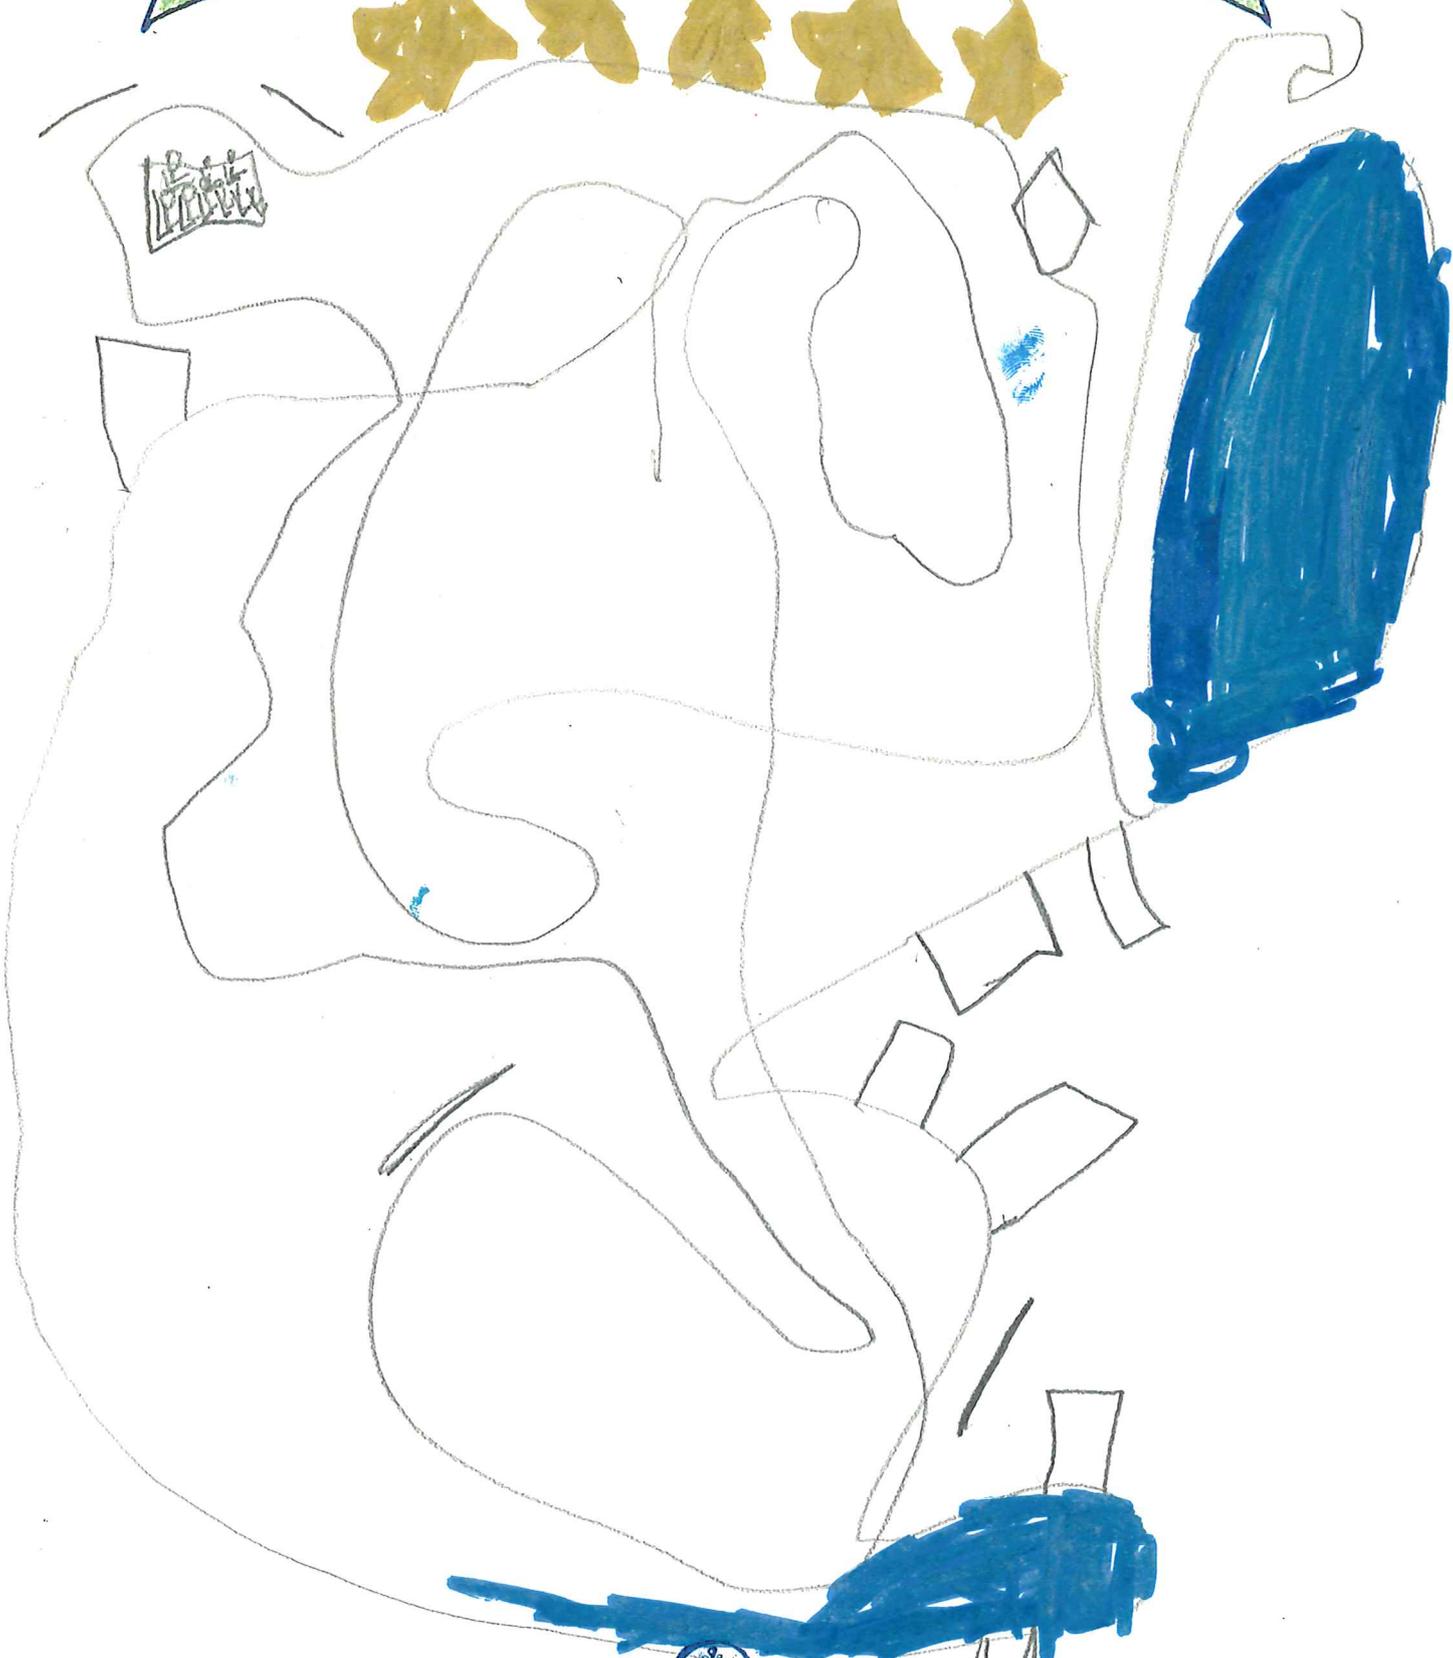

2. It includes door(s) that opens when the horse(s) passes it/them

3. Color-changing rainbow! When the horse passes through the rainbow, the horse changes its color!

(LED light built-in the horse)
